From HOD Desk

I have been observing for last two years that students of first year are giving their best. They are not only good in academics but also in co-curricular and extra-curricular activities. These all things are reflected in their student association i.e. FESA. Even faculty also help and guide them properly for their personality development.

The unique thing that I want to mention here is that maximum students enrolled for Online NPTEL courses and successfully completed it with good marks. That's why I am proud of my students and faculty members of the Department of Basic Sciences and Humanities. I extend my warm wishes for their career. Thank you.

MISSION

- To inspire and motivate promising engineers by catering quality education through effective teaching learning methodologies.
- To inculcate life skills and proactive attitude in students for their overall development of professional career.
- To imbibe moral and ethical values in students in concern to society and environment.

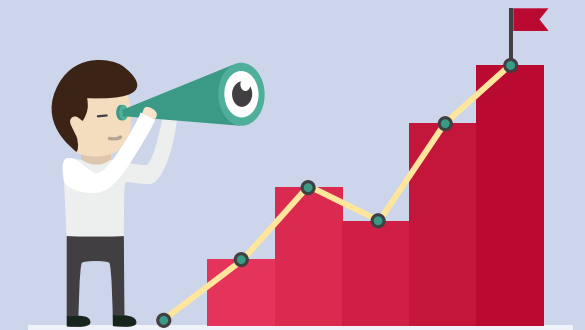

VISION

To be a center of excellence by imparting lifelong learning attitude through dissemination of basic technical and professional knowledge among its students for the accomplishment of ever-growing needs of society.

SHORT TERM GOAL

- To provide fundamental knowledge of engineering and technology and develop competency among students to achieve academic excellence.

LONG TERM GOAL

- To cultivate and induce professional skills among students.
- To create skill of adaptability among students with curricular and co-curricular activities.

INDUCTION PROGRAM

As per AICTE norms and guidelines and a new initiative, the Department of Basic Sciences and Humanities conducted Induction Program for first year students. The ethical purpose behind it is to inculcate Universal Human Values among the students. So, it was really appreciated by the faculty and students. This program was conducted during 1st August, 2018 to 21st August, 2018.
