MISSION

- To inspire and motivate promising engineers by catering quality education through effective teaching learning methodologies.
- To inculcate life skills and proactive attitude in students for their overall development of professional career.
- To imbibe moral and ethical values in students in concern to society and environment.

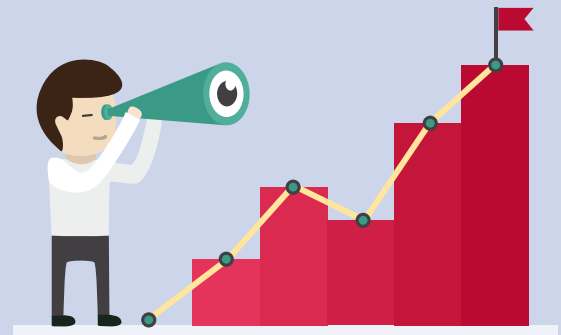

VISION

To be a center of excellence by imparting lifelong learning attitude through dissemination of basic technical and professional knowledge among its students for the accomplishment of ever-growing needs of society.

SHORT TERM GOAL

- To provide fundamental knowledge of engineering and technology and develop competency among students to achieve academic excellence.

LONG TERM GOAL

- To cultivate and induce professional skills among students.
- To create skill of adaptability among students with curricular and co-curricular activities.

GUEST LECTURE

The inaugural function of FESA reinstatement was held. The function was chaired by Mr. Prasanna Karmarkar. He is university mentor and presently working as Professor in SUK the inauguration was held in the gracious presence of Hon. Executive Director, Shri. Anil Bagane and Dr. S. A. Khot.

Mr. V. V. Gondkar, FESA coordinator, introduced the FESA body and Executive Director Mr. Anil Bagane, Mr. Prasanna Karmarkar jointly felicitated FESA members. Both Honorable Director & Chief Guest addressed the audience. The student coordinators of FESA also shared their opinions.

The guest of honor delivered a key note address. It was very interesting session & all enjoyed it. The students also conducted some ice breaking activities. To conclude the session Miss Ankita Bhabire proposed vote of thanks.

INDUSTRIAL VISIT

The Department of GES is striving hard to provide the technical knowledge to the students. That's why the industrial visits were being conducted by the department. The main intention behind it is that students should get actual knowledge about the industry and technology used there. Such visits are often organized by our department to fill up the gap between syllabus and industrial knowledge. Here are several sites where we organized industrial visits:

- **Sharad Sugar Factory**
- **Vedant Construction Site, Ichalkaranji**
- **Hydraulic Power Plant, Radhanagari.**

One week FDP on Presentation Skills was organized for the faculty of General Engineering & Sciences Department, SITCoE, Yadrav for developing and inculcating presentation skills among them.

The FDP aimed at motivating the faculty to become bearers of presentation skills and then they will cultivate it amongst the students, which is a need of time. However, we were doing for the development of faculty and ultimately the students under the platform of FDP.

We organized various lectures, training sessions, panel discussions and presentations of various academicians and experts who encouraged the faculty to become ideals for students in presentation skills. There was also the active support from Hon. Executive Director, the Principal and faculty members of other departments, too.
